Project Description:

Please set out what your project aims and objectives are as clearly as possible – you may continue on a separate sheet if necessary

Great Budworth Churchyard is an important community area within the Parish – not just for burials of course but also for walkers and visitors to the Parish and village. It is also an important area for flora and fauna, with wild flowers and birds and small mammals in good numbers. Maintaining the churchyard properly and sensitively is therefore in the interests both of the local community, including the Village School, and the flora and fauna.
