DELIVERING TOGETHER

We are working on a road near you

High Street & Church Street

Great Budworth

Carriageway Patching Works

Monday 16th June 2025 until Thursday 19th June 2025

(works are weather dependent)

0300 123 7036

@Go_CheshireWest

Dear Residents & Businesses

We are writing to inform you we will be carrying out carriageway patching works on the High Street & Church Street Great Budworth between the junctions with Warrington Road and Westage Lane.

DELIVERING TOGETHER

When are the works taking place?

The works will commence on Monday 16th June 2025 and will be completed on Thursday 19th June 2025, with day time closures between 09:30hrs & 15:30hrs. These closures have been planned to limit the impact on the local area.

Why are we doing this?

The works need to be carried out to extend the lifespan on the road surface.

What works will be carried out?

The works being carried out will be the patching of existing defects and repair of the ironworks to allow for the treatment works to be carried out.

How could the works impact me?

Prior to the road closing at 09:30hrs on each day of the works, all vehicles must be removed from the both High Street and Church Street. This is necessary to ensure the works can be completed and for the safety of both the public and the workforce. Signed diversion routes will be place throughout but pedestrian access to properties will be maintained at all times when the full road closure is in place.

Monday 16th June 2025 — Thursday 19th June 2025

A full road closure of High Street and Church Street will be in operation during the hours of 09:30hrs until 15:30hrs, for the carriageway improvements work to be carried out.

Will the work be noisy & what precautions should I take during the works?

Some aspects of this work will be noisy, there will also be alarms from our vehicles when reversing which are mandatory for health and safety reasons. We will endeavour to keep all noise to a minimum and your patience on this matter is appreciated. Residents will not need to take any specific precautions as signed diversion routes will be in place. Access to properties & businesses will be maintained where possible but there may be a short delay to make sure the working area is safe to enter. The emergency services will have full access.
